CHARACTER REFERENCE

Christopher is a modest, good-natured and confident young man with a cheerful disposition who has, during his 5 years at Grey High School, made the most out of the opportunities that came his way. He is a proud Grey man with a wide circle of friends and a strong sense of camaraderie.

Polite and well-intentioned, with a mischievous sense of fun and a great sense of humor, Christopher has proved to be kind-hearted and loyal. He was a respected Guard in the Cadet core and continued to play cricket into his matric year, showing perseverance and a strong sense of team loyalty.

A carefree youngster, Christopher has matured into a young man who is able to communicate confidently with adults and who has learned the value of undiluted focus in order to achieve goals.

We are confident that this well-mannered and presentable young man will use his positive and sunny personality to good effect in the years ahead. We wish him success and fulfilment in his chosen path and will follow his progress with considerable interest.

I shall be happy to answer any further questions on his behalf.

CHRISTIAN B ERASMUS

Rector
